Recycle Right in Tompkins County

Single Stream Recycling

Paper, glass, metal, and plastic containers go in the same recycling bin

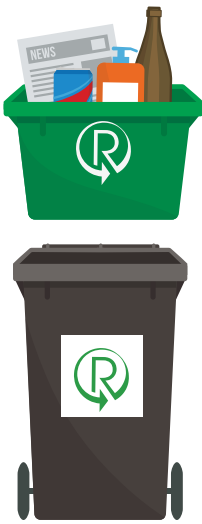

Recycling Bin Options:

1. County green recycling bin

- Bins can be purchased at the Tompkins County Recycling and Materials Management office.

2. Use a recycling container of your choice

- Size: Up to 50 gallons.
- Weight: Up to 40 pounds when full.
- Container may have wheels and a lid.
- No barrels, or cut barrels.
- Place "R" decal on bin so that the collector can identify the container as "Recycling." (Decals are available for free at the TCRMM office and the Public Drop-off Area of the Recycling and Solid Waste Center.)

To prepare your recyclables:

- ✓ Empty all containers and rinse out residue.
- ✓ Place your recycling bin at the curb no later than **6:00 am** on your scheduled collection day (**4:00 am** in the City of Ithaca).
- ✓ Put "R" decals on both side of your recycling bin parallel to the road so the collector can see it.
- ✓ Flatten cardboard. If it does not fit in your recycling bin, place next to the bin in stacks no more than 4' x 4' x 4'.
- ✓ **DO NOT** put plastic bags in your recycling bin or leave items in a plastic bag for pick up. **They will not be collected.**

If your recycling is picked up on the same day as your trash, separate your trash set out from your recycling set out so the collector can easily see your recycling bin.

MAKE SURE YOUR BIN GETS COLLECTED

Recycling bins with **unacceptable items** will receive a sticker and the contents of the bin **will not be collected**.

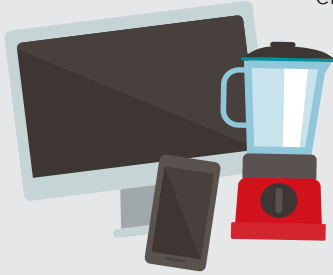

Reduce and Reuse

Reduce

There are lots of ways to prevent waste before it is created: borrow or rent seldom used items, bring your own shopping bag, repurpose leftovers into new meals, and more. Visit www.recycletompkins.org for additional tips and ideas.

Donate Working Items

Finger Lakes ReUse, Inc. accepts quality reusable building materials, furniture, housewares, electronics, clothing, shoes, books, and more. For a list of locations, acceptable items, and hours of operation, visit www.ithacareuse.org.

Household Hazardous Waste

Household Hazardous Waste (HHW) is material that must be handled and disposed of properly due to the dangers it poses to our health and the environment. Some materials may have a retail or manufacturer take-back program.

Visit www.recycletompkins.org/hhw for drop-off event dates and to register in advance, or call the TCRMM office. A solid waste permit is required.
